

# Professional Indemnity & Risk

**Comprehensive protection against potential claims and disputes.**

Professional Indemnity policies provide you and your business with comprehensive protection against claims for civil liabilities arising from an act, error or omission in the performance of professional services covered by the policy.

If you or your business is involved in any kind of profession that gives advice or provides a service, professional indemnity is critical to protect the future of your business.

## **Protection against errors or omission**

Professional Indemnity is designed to cover the legal costs associated with defending a claim arising from an actual or alleged negligent act, error or omission/breach of duty, as well as paying any damages awarded.

## **The potential to bankrupt businesses**

It may seem like a remote possibility, but the possibility of claims and litigation against you is very real and can potentially bankrupt businesses of any size. Legal action often arises from an unforeseen event to completely disrupt businesses.
